\* Google Store Financing is a credit card account issued and serviced solely by Synchrony Bank and can be used only for purchases at store.google.com. At times, we may offer a 24-month Equal Pay Financing promotion with 0% APR on identified Qualifying Purchases (and all other items purchased in the same sales transaction). No interest will be charged on these Qualifying Purchases and equal monthly payments are required equal to the total Qualifying Purchase amount divided by 24, rounded to the whole cent. For Qualifying Purchases and

Phone Purchases, any monthly payments shown only apply with the use of a Google Store Financing credit card account. If you make your payments by the due date each month, the monthly payment shown (adjusted for taxes, shipping and other items purchased in the same sales transaction) should allow you to pay off the Qualifying Purchase or Phone Purchase advertised within 24 months if this balance is the only balance on your account during that period. If you have other balances on your account, this monthly payment will be added to the monthly payment applicable to those balances. For new accounts: Phone Purchases (any transaction that includes a phone) APR is 0.00%. All other (regular) purchases APR is 29.99%. Minimum interest charge is \$2.00. APRs are accurate as of 3/7/2017. Subject to credit approval.
